1. PSI Energy

The Utility has filed for approval of a change in its Emission Allowance Adjustment in accordance with its Standard Contract Rider No. 63. Standard Contract Rider No. 63 was modified based on the provisions of the Settlement Agreement between PSI, the Office of Utility Consumer Counselor and PSI-Industrial Group, which was approved by the Commission in Cause No. 42411 on November 25, 2003. The terms of the Settlement Agreement and Commission Order authorized PSI to recover emission allowance costs (for both SO₂ and NO_x) in a modified Rider No. 63.

Previously, Standard Contract Rider No. 63 was agreed to by all parties in the Settlement Agreement in Cause Nos. 39584 and 39584-S2, and was approved by this Commission in the February 17, 1995 Order in Cause Nos. 39584 and 39584-S2 and in the September 27, 1996 Order in Cause No. 40003.

The proposed emission allowance charge factor is \$0.001134 per kilowatt-hour and is applicable to all retail electric rate schedules. The proposed factor will be in effect for the months of April, May, and June 2004. This factor includes the emission allowance cost variance of \$ 2,023,157 from September 2003 through November 2003.
